✂️ In the Classroom...

Literacy: We will once again use our Non-Fiction retell hands to practice retelling detailed facts after reading about the First Thanksgiving. The students will end the week by making a bracelet and take-home book to help them remember the events and facts of the First Thanksgiving to share with family members.

Math: This week the students will be practicing both addition and subtraction using different strategies such as drawing pictures to solve number stories and using a number line.

Social Studies: The students will learn what Veteran's Day is and why it is important to our nation. They will create a poster to show everything they have learned about Veterans. We will end the week by singing on stage at the Veteran's Day performance on Friday. Students should wear red shirts.
