✂️ In the Classroom...

Literacy: This week the students will
be working on Making Predictions
BEFORE, DURING, and AFTER
reading fiction stories. You can
practice this at home too. The
students will also begin working on
writing Small Moment Stories. They
will be thinking about a Moment that
has happened to them and then
trying to write specific details about
that event in order.

Math: This week the students will
practice the strategy of recognizing
and memorizing DOUBLES facts.
Knowing these will allow
automaticity of other math facts
and concepts that will be learned
later.

Science: This week we will begin
learning about how life was Long
Ago, and we will compare it to Life
Now.
